1) Performance calculations assume reinvestment of interest and dividends during the period.

2) Annualized since the Fund's Oct-2011 inception.

3) Morgan Creek Direct consists of "Morgan Creek Direct Top 20", "Morgan Creek Direct Qualitative" and the Fund's direct private co-investments. "Morgan Creek Direct Top 20" is a basket of 20 equally-weighted equities and reflects the top long positions in the underlying portfolios of the current managers in the Morgan Creek Global Equity Long Short Institutional Fund. "Morgan Creek Direct Qualitative" is a portfolio of equities sourced from the underlying portfolios of the current managers in the Morgan Creek Global Equity Long Short Institutional Fund.

4) Data shown as a percentage of net assets as of 12/01/2023.

5) October and November 2023 performances are internal estimates. Performance is shown as of month-end for a new eligible investor, since inception, net of all fees and expenses. The performance data quoted represents past performance of the Fund. The MSCI and HFRX 2011 YTD returns shown are for the period from Oct-2011 (Fund's inception) through Dec-2011. Past performance does not guarantee future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. The current performance of the Fund may be lower or higher than the performance data quoted. Please refer to www.morgancreekfunds.com for performance data current to the most recent month-end.

The MSCI World Index is a free float-adjusted market capitalization weighted index that is designed to measure the equity market performance of developed markets. The MSCI World Index currently consists of 23 developed market country indices. The index provides total returns in U.S. dollars with net dividends reinvested.

The HFRX Equity Hedge index is constructed from strategies with both long and short positions by Hedge Fund Research, Inc. utilizing a UCITSIII compliant methodology.
